## SOLAR CALCULATOR CHECKLIST

---

Hello and thank you for your interest in our company.

To provide you with a direct quotation via email or phone, we will require some detailed information relating to your homes build - taking into account electrical, plumbing and other specifications such as room sizes etc.

In order to give you a head start, we designed this printer friendly checklist so you can prepare your answers before proceeding with our on-line questionnaire.

However, if desired, you can bypass having to complete this task on-line by posting or scanning the form to us. We will send your quote onto you using whichever method you have selected.

It is also worth mentioning the following:

- There is **NO REQUIREMENT** of you to complete this questionnaire
- If you would prefer a personal call to your home, we will go to you.
- We travel nationwide and offer **NO OBLIGATION** presentations, surveys and quotes
- Travelling on Friday's & Saturdays is not a problem

To sum up:

Assuming you have accurately completed **ALL** questions on this form or input your answers on-line, we should then be in a position to offer you a direct quote that will reflect your solar energy installation requirements.

Notwithstanding this, we realise that mistakes often occur on application submissions and therefore, initial quotes are, in all cases, subject to revision on a full discovery inspection of your property.

Once again I wish to take this opportunity to thank you for your interest in Elite Energies and I look foreword to working with you soon.

*James Gorahm*

Managing Director

Lets dive right in!

Please answer all questions marked with \*

Please fill in blank spaces where required

Joe Blogs

Please strike through answers where required

Y

N

excellent

---

\* What is the decoration status in your home

excellent

good

fair

poor (about to upgrade)

\* Was your home built before 2011

Y

N

\* What is your (BER) building energy rating?

unknown

A

B

C

D

E

F

G

If your BER is not known do you have double glazing?

Y

N

How old is your double glazing?

0 - 5 years

5 - 10

10 +

\* Do you have insulation in your walls?

Y

N

\* Do you have insulation in your attic?

Y

N

\* Has insulation been upgraded in the past 10 years?

Y

N

Can we assist with anything else regarding insulation?

---

\* What is your dwellings structure?

Traditional stone build with or without dry lining  Y

Traditional stone build with block or timberframe extension  Y

Modern block build home with double leaf cavity wall  Y

Block with no cavity with drylining  Y

Timber frame  Y

Modern high spec insulated home  Y

Can we assist you with anything else regarding structure?

## Your Roof

\* Describe your roof please  slate  tile  other

If roof description is other please specify type

\*Please supply us with your Eircode so we can view your roof with Google Earth

\* Do you have roof windows or dormers?  Y  N

Can we assist with anything else regarding your roof ?

---

## Your existing heating and hot water.

\*Describe your plumbing.  plastic  copper  gun barrel (old steel pipes)

\* Is your heating  gas  oil

I also have solid fuel contributing to my heating  Y  N

\* How do you heat your water?  gas  oil  electric  solid fuel  
Pick one or more

\*What is the condition of your hot water tank?  excellent  good  fair  poor

## Electrical Installation

\* What type of fuse-board is present?  old screw in fuse type  modern circuit breaker with lever buttons

Is there an electrical certificate?  Y  N  
(not obligatory)

Can you tell us your MPRN number ?   
Usually found in the top right corner of your ESB bill.

## Tell us what you want from solar panels

I want to use my existing heaters  Y  N

I want to upgrade my heaters  Y  N

I want to use my existing hot water tank  Y  N

I want to upgrade my hot water tank  Y  N

I want to charge my electric vehicle  Y  N

Is there anything else you would like us to know ?
